

A Review of Prayer Time

- Does the content from our study of God’s Word consistently drive our prayer time? To that end, how specific is the application of Scripture in prayer time? (“I need to evangelize more?” or “God give me the courage and wisdom to share Christ with my neighbor Kate when I see her next Wednesday”?)
- As a leader, am I consistently modeling vulnerability, openness, and confession in prayer time? Why or why not?
- Do I follow up on prayer requests during the week or during the next group meeting, holding group members accountable in love when necessary?
- Have we set aside times to pray as a whole group specifically for the global church, GBC, its ministries, and leadership?

Leader Teams Together: Based on your answers, what are some things you need to stop and start to make prayer time more spiritually substantive? Please write these down and we’ll talk it over as a group.
